Springer Publishing Company. Paperback. Book Condition: New. Paperback. 256 pages. Dimensions: 8.8in. x 6.0in. x 0.7in. Winner of the 2008 AJN Book of the Year Award! Named an Outstanding Academic Title for 2008 byChoice! This well written and well edited book fills a unique gap. . . . one of the precious few books that focus on science or medicine and one of even fewer that cover the history of nursing. (Three Stars)--Doodys Book Review Service While there have been many research texts in the nursing literature, and nursing history is both taught in courses and of popular interest to practicing nurses, there has never been a hands-on text that describes the process of doing historical research in nursing. This book, contributed by well-known and respected nurse historians, provides the necessary direction, guidance, and examples needed to conduct historical research. It covers such topics as historiography, biographical research, using artifacts in historical research, doing archival and other data searches, doing international historical research, and locating funding sources for historical research. Case studies will be used throughout to illustrate various methods and describe how, why, when, and where historical research is used in nursing. Features of this edition: Provides direction and tools...
