AFRICAN RELIGIONS: A VERY SHORT INTRODUCTION

[DOWNLOAD](#)

Oxford University Press Inc. Paperback. Book Condition: new. BRAND NEW, African Religions: A Very Short Introduction, Jacob K. Olupona, Africa is home to hundreds of ethnic groups, who together speak more than a thousand languages. It is not surprising, then, that Africa's enormous range of peoples, cultures, and ways of life has engendered a wide diversity of religious practices. This Very Short Introduction offers a wide-ranging look at the myriad indigenous religious traditions on the African continent. Drawing on archeological research, historical evidence, ethnographic studies, and archival materials such as missionary records, Jacob Olupona-one of the world's leading authorities on African religions-captures a wealth of information in a short compass. The book not only gives the reader a full and vivid sense of African religious belief-exploring myths, gods and local deities, ancestor worship, rites of passage, festivals, divination, and much more-but it also underscores the role these religions play in everyday African life. Indeed, traditional religions inform everything from birthing and death, marriage and family dynamics, to diet, dress and grooming, health care, and even governance. Monarchs, chiefs, and elders play both political and religious roles, imparting secular and spiritual guidance to their subjects, while also being guardians of religious centres such as shrines, temples, and sacred forests. The author also examines the spread of Christianity and Islam throughout Africa, both the moderate sects (which often blend aspects of indigenous faith into their own practice) and the more extreme fundamentalist sects, which the author states have had a dire effect on African life. In fact, radical forms of Christianity and Islam-both of which decry tradition religion as paganism-have driven a near total collapse of indigenous practice. But if traditional religions are engaged in a battle for their lives in Africa, Olupona shows that they are thriving elsewhere in the world-particularly...
