

Great Withdrawal: How the Progressives 100-Year Debasement of America the Dollar Ends

By Craig R. Smith

Idea Factory Press, United Kingdom, 2013. Paperback. Book Condition: New. 226 x 152 mm. Language: English . Brand New Book. Detroit was to be a workers paradise, a symbol of progressive success. Instead, it has become a symbol of big government failure, corruption, violence, and decay. In 2013, after a great withdrawal of more than a million productive residents, once-great Detroit became the largest American city ever to declare bankruptcy. The Great Withdrawal explores why Detroit failed, why other liberal cities may soon follow, and how this could drag America into insolvency and prolonged depression. It explores the bizarre Nanny Statist Progressive movement that took power in America in 1913 and has driven America on a 100-Year detour away from the ideals of our nation's founders and toward the stagnation of Euro-socialist welfare states. Smith and Ponte, in this their fourth book, look at how Progressivism has used addiction to welfare and easy money, as well as psychological manipulation politics from crisis-ocracy and the herd inside our heads to the sinister brain science techniques known as nudge to win elections, manufacture consent, impose invisible taxes, and control us.

Reviews

A top quality publication along with the font used was intriguing to read. I really could comprehend everything using this written e ebook. Its been designed in an remarkably straightforward way and it is only after i finished reading through this publication by which basically altered me, modify the way i believe.

-- Cathrine Larkin Sr.

Very useful to all of group of people. I actually have read through and so i am certain that i will planning to study yet again once again down the road. I am just very easily can get a satisfaction of looking at a created book.
